ENGINEERING | Marine Hose Services

HEAVY DUTY CAMLOCK FLANGE

Constellation Engineering's heavy duty camlock flange is specially designed for the harsh conditions experienced offshore.

Suitable for marine service, it is compatible with all types of OCIMF marine hose.

The **benefits** of using a camlock flange include:

- Reduced tanker rail hose connection and disconnection times
- Reduced handling of rail hose
- Increased operator safety

Welding Specification: ASME IX with 100% Xray & MPI on spool

Painting Specification: Jotun glass flake epoxy system in accordance with NORSOK M-501

Pressure tested to 450 psi / 32 bar

Spool Piece	ASTM 105
Cams	EN 19
Cam Bolt	EN 24T
O-Ring	NBR

Options / Extras

Can be supplied with certified lifting lugs for most marine hose chain configurations.

Available in a range of flange classes and paint finishes. Please contact us for further information.
