

Marsol

Vessel & Crew Management

Manpower Supply

Maritime Solutions

Marsol International is a dynamic provider of integrated Ship Management Services to the international shipping and offshore industries.

We provide full Vessel Management Services or components thereof; such as:

- ~ Commercial Management including Ship Brokerage Services
- ~ Crew Management
- ~ Technical Management
- ~ Procurement and Logistics
- ~ Systems and Procedures (IMS, ISPS, SOPEP etc.)

Apart from the provision of Marine related personnel, Marsol International also provides shore based manpower to the construction and offshore industry. This includes skilled and semi-skilled personnel, varying from Project Managers,

Engineers, marine Surveyors to skilled welders, construction workers and administrative staff. Marsol provides solutions to both temporary and permanent manpower requirements.

Through our network of partners, Marsol offers a wealth of experienced, qualified and highly qualified candidates from various countries, mainly concentrating on Western and Eastern European, South African, Russia and CIS states, Philippines, Indonesia and India.

In addition to the Marsol Consortium Partners, Marsol maintains close relationships with various other manning companies from around the Globe and as such Marsol is capable of providing Crew and Manpower of almost every nationality.

As part of the selection process, we closely examine not only the qualification of the individual, but also their experience, skills, commitment and motivation. All personnel employed for seagoing vessels are trained and qualified according to the requirements detailed within the STCW'95.

Growing sustainable marine businesses together
